EXPERIENCE

BASKETHUNT PVT. LTD. | IT and Web Development Intern
June 2023-Aug 2023 | Remote
- Developed a chat web application, resulting in improved user experience and increased user engagement.
- Reduce the workload by Working on the new intern joining process.
- Awarded LOR(Letter of Recommendation.

PROJECTS

LEARNING EDGE

- Developed the "**Learning Edge**" Android app, providing college students with easy access to educational resources and study materials.
- Implemented user interface using **Kotlin and Material Design**, creating an engaging and user-friendly experience.
- **Firebase Realtime Database** for efficient data storage and retrieval, enabling offline access to study materials and question papers.
- Enhanced user personalization through **SharedPreferences** for the customized semester and branch selection, optimizing user engagement.
- Collaborated with a team using Git and GitHub for seamless code management.

AMAZON CLONE

- Developed a fully functional **Amazon clone** using React.js, Tailwind CSS, and Firebase for user authentication.
- Ensured efficient deployment and performance optimization by utilizing **Vercel**.
- Managed source code and version control on **GitHub**.

JECRC RENAISSANCE

- Developed JECRC Renaissance website for my college's annual event Renaissance Management.
- All the small events of this annual function are listed here with proper and accurate details.
- Integrated a fee deposit option with Razor Pay as the payment gateway.

ACHIEVEMENTS

- Actively participated in **Hacktoberfest 2023**, contributing to various open-source projects.
- Mentored students as a **Google Cloud Mentor**, fostering understanding and proficiency in cloud technologies.
- Organized workshops and events as a **Google Cloud Facilitator**, enhancing practical knowledge of Google Cloud tools and services.
